KEDGE Lifeboat Card

Keep this with your passport and Seaman's Book.
It cannot move money by itself. It is your new wallet locked with the passphrase only you know.

```
Old wallet:

New wallet:

```

If your phone is lost: call a guardian. They will ask you to read four words from the Kedge app on your new phone. Scan the code, enter your passphrase, and open Kedge to bring your wallet home.

Fictional persona in the demo. Testnet only.
